

Let us help you begin to

heal.

Many men experience denial about the emotional and mental aftermath of an abortion.

It is common among men to seek out other reasons for these symptoms, causing further damage to their personal relationships and overall health.

Begin the healing process now and let us support you through this difficult time...

Feeling regret over the

Abortion?

This isn't the
end of your
story.

It isn't over.

You made the decision that you thought was best. But now it seems to be hurting you more than you ever thought possible, and causing unexplained emotions and hardships.

Abortion effects everyone differently. If you are experiencing any of the following, you are not alone.

- Emotional deadening
- Increased tendency toward anger or rage
- Feelings of loneliness or isolation
- Lower self-confidence than usual
- Suffering from insomnia or nightmares
- Greater difficulty in maintaining or developing relationships
- Increased or beginning use of drugs or alcohol
