

# Why Adoption?

Many women considering adoption share the following questions, and once they are answered, they feel more confident about their adoption decision:

- Will my child know about his/her adoption?
- What do adoptive children think about being adopted?
- What will my child think about me for choosing adoption?
- When will I feel more confident about my decision?
- Will the adoptive family love my child as much as a biological child?
- If I choose adoption, will I some day regret my decision?

**Let our trained Adoption Specialists help you work through your concerns and questions to decide if adoption is the right choice for you and your child.**

# Adopt Hope

**EVERY YEAR, THOUSANDS OF  
WOMEN MAKE THE ADOPTION  
DECISION, BECAUSE THEY  
LOVE THEIR CHILD AND WANT  
THEIR CHILD TO HAVE A LIFE  
FILLED WITH BOTH LOVE AND  
OPPORTUNITY.**

Pregnant women often consider adoption because they are putting their baby's needs ahead of their own. Adoption gives a child a wonderful mom and dad who are eager and ready to raise a child as their own. The adoption process is flexible so it is never too late to choose adoption for your child.

Our counselors can help you no matter where you are at in your pregnancy, if you are unsure of whether to parent or choose adoption, or if you are ready to get started with an adoption plan.

Hundreds of Adoptive Families to Choose From – Whatever type of life you envision for your child can become a reality by choosing the perfect family. Having so many families to choose from makes finding the right family much easier.

Every woman's situation is different, and only you can make the right decision for your pregnancy – not the father of the baby, your parents, your sister, or your best friend.

You may not feel 100 percent confident about your decision of either parenting or adoption.

This uncertainty tends to fade away as you learn more about the adoption process, and later, get to know the adoptive family.

Your Adoption Specialist will work with you to create your personalized adoption plan, which includes the type of adoptive family you want to place with, the amount of contact you want with the family and your child, and how you want the hospital visit to play out, and more.

Someone is  
waiting to  
**love** your baby.
