

"Leaving the abortion clinic and going to (Choices') sonogram van, was such a change in atmosphere. Everything was different. They prayed with me here. They give you a sonogram at the abortion clinic but they don't let you see it. I cried when I saw him here. He had everything, all his fingers and his toes. He was perfect."

PREGNANCY CHOICE SERVICES

2025 ANNUAL REPORT

DEAR FRIENDS,

This past year was our 30th BIRTHday (anniversary). It was fun and amazing to take time to look back and to recognize all that God has done over the past 30 years. 30 years ago we could not have imagined the impacting scope of this ministry. We're not sure what the next 25+ years will look like, but we are so excited to see the journey that God has planned for us. This report lists some amazing statistics but it's impossible to know all the people being reached through our ministry.

Throughout the past year we remembered some of the client stories from years ago and wondered about what those babies that were born then, and are now grown, might be doing! We of course, have kept in touch with some, but for others we could only imagine. A few months ago, I "bumped" into one of those "grown babies." Of course, I wouldn't have recognized **Matthew***, but he overheard a conversation and mentioned that he was familiar with Our center. As I began to ask him how he knew about Our center, I came to discover that many years ago his mom had been helped by Our center through a difficult time during her "unexpected pregnancy." My eyes filled with tears, as I recalled her story - I actually remembered her quite well. To hear Matthew tell me about what he was doing and how God was at work in his life today; well let's just say it was truly a "gift from the Lord." He is faithful!

Looking over this past year we continue to be amazed at how God is at work in new and exciting ways. Our center has "pioneered" the concept of mobile medical services in Pittsburgh, reaching out over the last eight years to vulnerable women by going to numerous locations throughout the city. This past year we were able to purchase our second mobile clinic! In 2018 we will begin mobile services in Beaver County.

Recently a new young patient came to our mobile on the North side in Pittsburgh. She was asked, "How did you find us, or come to know about us?" She replied, "Oh, I've seen you parked here my whole life!" We rejoice in the countless number of lives touched and saved as we continue to "Go Serve Women - Go Save Lives -and- Go Share Jesus" by expanding our mobile services.

In the last 10 years we have seen tremendous growth. Thousands of students are being reached in their own local schools with our Real Our center - Abstinence Program. 7,600 new individual clients have been served in the last 10 years,

nearly 5,000 of those in the last 5 years. This past year we continued to increase the number of patients seen, and are thankful that we saw an increase in the number of abortion minded patients (85% were abortion minded/vulnerable) and in the number of lives saved. There is nothing better! That's what Our center is all about. Sharing a life-affirming, hope-giving message right here in this local mission field - all in the name of Jesus. Every day we can be the hands and feet of Jesus, helping those around us in very practical ways.

Please feel free to call our office if you have any further questions about our services or ways you can get involved!

Thank you for your support. Together with Him, we are making a difference - for LIFE!

Because every life matters,

candi

Candi Oberman
Executive Director

REAL CHOICES EDUCATION

In 2017, 155 teen patients, age 19 and under, visited one of our clinics for sexual health related concerns (pregnancy or STD testing), keeping us aware of the ongoing need to have an ever growing presence in our local schools. Our Real Choices Program addressed roughly 2,200 students with the message of purity and healthy relationships. Health fairs and presentations on several college campuses also found our team relating with college students and others in the public sphere.

While the number of births to teen parents is on the decline, at Choices we know pregnancy is only part of the problem of teen sexual activity. Although teens represent only 25% of the sexually active population, they account for 50% of the 20 million STD cases each year - putting teens at an increased risk for infertility and future health concerns.

Pregnancy Services is a non-profit, faith-based ministry whose mission is to educate and equip individuals to make informed life choices. We operate medical and support services in Pittsburgh, Coraopolis and Beaver County. We educate the broader community (churches, schools, community events, social media) about the sanctity of life.

HOW CAN YOU HELP?

WE ARE STRONGER TOGETHER.

In 2017 we were blessed with 2500 volunteer hours. Serving more than 3,000 patients and students each year, takes all of us doing what we can. Your donations allow us to provide the following services free of charge:

MEDICAL AND SUPPORT SERVICES:

- Private nurse/medical consultation
- Pregnancy testing
- Prenatal vitamins
- Obstetric ultrasound exam
- Decision making tools
- STI testing and treatment for both women and men
- Community referrals
- Earn While You Learn - mentoring and parenting education
- Abortion Recovery Groups
- Sexual Risk Avoidance (abstinence) programs in middle and high schools
- Spiritual Information (the gospel)
- Physician referrals

OPPORTUNITIES FOR INVOLVEMENT:

- **Prayer** - We face a "spiritual battle" every day. Sign up for our prayer emails to get up to date prayer requests.
- **Volunteer** - There are many opportunities to volunteer, from IT help, organizing baby clothing, client advocacy (male and female), patient care, church ambassador, etc.
- **Financial Partner** - your generous giving makes it possible to do what we do. There are many ways to invest (become a monthly donor, participate in fundraising events such as the Walk for Life, Annual banquet, Trap Shoot, Corporate giving, and more)
- **Monthly giving** provides us with a low-cost stream of revenue that sustains our ongoing programs and allows us to lower our overhead expenses. Whether a little or a lot - every gift received makes a big difference!
- Employment opportunities vary according to need. Speakers in our schools are usually needed during the school year. Training is provided.

INFO@OURWEBSITE.COM

STATISTICS 2017

Client/Patient visits:	1,719	Sonograms:	324
Unique Client/Patients:	941	STD tests:	455
Pregnancy tests:	638	Said "Yes to Life"	264
Positive	319		

(In the last ten years at least 1,741 babies lives have been saved with over 1,200 of those babies being born in just the last five years.)

PATIENTS SAY:

"It was a comfortable setting, VERY NICE, lovely staff." -Liz

"I felt so comfortable (here). I loved it! Honestly, today was great. You guys rock! I can't wait to come back." -Molly

"I really liked that you listened to me and didn't judge me." -Sierra

"I'm so glad I found this place. The whole experience great. People took time to really listen!" -Marshall

FINANCES

EXPENSES:

At Choices we strive to make the most of every dollar that is donated. Careful stewardship results in only 9% of our total income being spent on overhead expenses. 91% of your gifts and donations go to our patient/client services and educational programs.

INCOME:

Choices receives no government funding, making each one of our community partners so special to us. You are crucial in ensuring that all of our services are free to our clients.
