

Women and men are facing difficult decisions everyday. You can help them get the facts to make an informed decision.

Your contribution can give them the support they need in an unexpected pregnancy.

**Supporting our ministry is simple.**

- Pray for our clients, volunteers, staff and leaders
- Volunteer at the Center
- Financially support the Center
- Contribute materials (baby clothes, maternity clothing, linens, bottles, etc; office or cleaning supplies)
- Be a liaison at your church
- Disciple/Mentor clients

At this point you may be wondering if you alone can really make a difference. We urge you to call and speak with our compassionate staff to gain the information you need to act today.

*There are women and men who are hurting today. Even the smallest contribution can save a life or keep one of God's children from making a painful decision.*

### Do you ever wonder how you can make a difference?

It's easy and almost everyone can do something, regardless of your time, talents, or finances.

The Pregnancy Service Center is committed to helping women and men in crisis because of unexpected pregnancy and those who have been harmed by abortion. Help end abortion and protect the lives in your community.

#### STEP 1

Get to know us.

Because the need for support is so great in our community, we offer numerous programs and services. Knowing how we work in the community may inspire you into a particular area of service.

Visit our website or call to learn more.

#### STEP 2

Attend a new members brunch.

Whether you are making a one time contribution or volunteering weekly, we would like to invite you to celebrate hope in partnership with our center. Meet our board and hear amazing

testimony's from clients we serve!

#### STEP 3

Attend our support training.

Learn how abortion and unplanned pregnancy is effecting the lives in our community today. Attend and completed training sessions specific to the ministry position you are interested in.

#### STEP 4

Share your insight

Spread the word! Sharing your volunteer experience is the most powerful way you can serve the ministry. It is a message of hope that can reach beyond your family and friends. God is working through us, through you always!

*"I know that God has called me to this ministry for a reason and he has taken my past, healed me and is now using me to minister to women dealing with so many of the same struggles I had in my younger years. I count it a privilege to be used this way! I know that God uses ordinary people, I just did not know I could be one of them."*
